SMOOTH LUSTRE DUO PAPER

IGSLD11 (280gsm)

ILFORD GALERIE Smooth Lustre Duo Paper is a symmetrically coated heavy weight premium RC photographic quality inkjet paper designed for high end photo printing using both dye and pigment inks. The media is double-sided and can be used for printing photo albums, portfolios or high end invitation cards.

APPLICATION GUIDELINES

- Optimised for high speed printing
- Fast drying
- Full dye and pigment ink compatibility with desktop printers
- Excellent imaging performance

PRINTER COMPATIBILITY

ILFORD GALERIE Smooth Lustre Duo Paper is designed for use with desktop inkjet printer systems using either aqueous dye or pigment inks from major manufacturers.

AVAILABILITY

ILFORD GALERIE Smooth Lustre Duo Paper is available in sheets. For detailed information please see the Availability Chart in the GALERIE section of www.ilford.com.

PHYSICAL PROPERTIES

Weight	280gsm
Opacity	>98%
Caliper	280micron (11mil)
Tint (L*a*b*)	95.5, 0.75, –5.0
Pre Print Gloss (60°)	26%
Environmental Use	15–25°C (60–75°F), 30–70% RH non-condensing
Storage Conditions (boxed)	10–50°C (50–120°F), 10–80% RH non-condensing

When using dye-based inks: All unprotected “instant dry” nanoporous media may suffer from “gas fading” to some degree when used with dye based inks, depending on the display environment. To extend print life, they should be displayed under glass, laminated or stored in a photo album.
